Liquid

Classic - 25% Slow Release

PRODUCT DESCRIPTION

- *Liquid fertilizer for lawn maintenance*
- *25% slow release of nitrogen from the liquid nitrogen in slow release N-Durance®.*

PRODUCT BENEFITS

- *Methylene urea slow release nitrogen is a trusted technology that has a gradual, consistent release and longevity that allows for the effective feeding of turfgrass with fewer applications for up to 12 to 16 weeks.*
- *N-Durance® liquid nitrogen fertilizer contains TRIAZONE and methylene urea, a patented slow release nitrogen compound.*
- *TRIAZONE nitrogen means increased nitrogen absorption by plants to provide uniform growth and consistent colour intensity for 8 to 10 weeks.*
- *The slow release mechanism of N-Durance® minimizes the loss of nitrogen to the environment.*

PRODUCT CHARACTERISTICS

- Product Code:** L000028
- Product Type:** Liquid fertilizer for lawn
- size:** liquid
- Format:** bulk
- density:** 1.212 kg / L
- Color:** blue

GUARANTEED MINIMUM ANALYSIS

	%
Total Nitrogen (N)	15.00
11.9% Urea Nitrogen	
0.9% Ammonia Nitrogen	
2.3% Other water soluble Nitrogen*	
Phosphoric acid assimilable (P ₂ O ₅)	3.00
Soluble Potash (K ₂ O)	6.00

* Slowly available nitrogen from methylene urea

INGREDIENTS

Ammonium polyphosphate solution, muriate of potash, triazone, methylene urea, urea.

APPLICATION RATES

Application Rates L/100 m ² (L/1000 pi ²)	Nutrition Supplied kg/100 m ² (lb/1000 pi ²)		
	N	P ₂ O ₅	K ₂ O
1.4	0.24 (0.50)	0.05 (0.1)	0.09 (0.18)
2.1	0.37 (0.75)	0.07 (0.15)	0.13 (0.27)
2.8	0.49 (1.0)	0.1 (0.2)	0.17 (0.36)

DIRECTIONS FOR USE

- Read the entire label before use. Apply only as directed.
- Apply only to dry foliage.
- **IMPORTANT:** It is recommended to apply fertilizers in the early morning. Irrigate after application, especially during periods of high temperatures (28°C or above). Avoid applying fertilizer to drought-stressed turf. If turf is under drought stress, irrigate before fertilizer application.
- Irrigating after application will accelerate initial green-up and will aid in the movement of fertilizer granules into the turf canopy.
- Apply after mowing to prevent particle pick-up by mowing equipment. To further reduce particle pick, do not collect clippings for one mowing after application.

Format

Bulk

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Do not inhale. The fertilizer may cause irritation of eyes, nose, throat and skin. In case of contact with eyes, rinse thoroughly with water and consult a physician if symptoms occur. Keep out of reach of animals.
