# ECO-Durable

### PRODUCT DESCRIPTIONS

- *Liquid fertilizer for sustainable lawn maintenance.*
- *Formulated with a combination of nitrogen liquid slow release N-Sure<sup>®</sup> and stabilized nitrogen UFLEXX<sup>™</sup>. Both techniques combine both the slow release of nitrogen while minimizing losses to the environment.*
- *Phosphorus free*

### PRODUCT BENEFITS

- *N-Sure<sup>®</sup> liquid nitrogen fertilizer contains TRIAZONE<sup>™</sup>, a patented slow-release nitrogen compound*
- *TRIAZONE<sup>™</sup> nitrogen means increased nitrogen absorption by plants to provide uniform growth and consistent colour intensity for 8 to 10 weeks*
- *The slow release mechanism of N-Sure<sup>®</sup> minimizes the loss of nitrogen to the environment*
- *UFLEXX<sup>™</sup> improves nitrogen efficiency, reduces nitrogen loss due to volatilization, leaching and denitrification. The result is an excellent nitrogen source with improved nitrogen efficiency which gives you and intense green colour for up to 6 to 8 weeks.*

### PRODUCT CHARACTERISTICS

- Product Code:** L004831
- Product Type:** Liquid Turf Fertilizer
- Format:** Bulk
- Density:** 1.18 kg/L
- Color:** Blue-green

### GUARANTEED MINIMUM ANALYSIS

	%
Total Nitrogen (N) .....	16.00
11.2% Urea Nitrogen**	
4.8% Other water soluble Nitrogen*	
Soluble Potash (K <sub>2</sub> O) .....	6.00

\* Slow release nitrogen from triazone and methylene urea.  
 \*\*8.0% stabilized nitrogen with DCD (dicyandiamide) and N-(n-butyl) thiophosphoric triamide.

### INGREDIENTS

Urea, Triazone, Methylene urea and Muriate of potash.

## APPLICATION RATES

Format L (gal)	Application Rate ml/100 m <sup>2</sup> (oz/1,000 ft <sup>2</sup> )	Application Rate L/ha (gal/acre)	Nutrients supplied kg/100 m <sup>2</sup> (lb/1,000 ft <sup>2</sup> )			Area Covered m <sup>2</sup> (ft <sup>2</sup> ) per litre
			N	P <sub>2</sub> O <sub>5</sub>	K <sub>2</sub> O	
Bulk	1,292 (40.6)	129.2 (13.8)	0.24 (0.50)	-	0.09 (0.19)	77 (833)
	1,939 (60.9)	193.9 (20.7)	0.32 (0.75)	-	0.13 (0.28)	52 (555)
	2,585 (81.2)	258.5 (27.6)	0.49 (1.00)	-	0.18 (0.38)	39 (416)

## DIRECTIONS FOR USE

- Read the entire label before use. Apply only as directed.
- Apply only to dry foliage.
- **IMPORTANT:** It is recommended to apply fertilizers in the early morning. Irrigate after application, especially during periods of high temperatures (28°C or above). Avoid applying fertilizer to drought-stressed turf. If turf is under drought stress, irrigate before fertilizer application.
- Irrigating after application will accelerate initial green-up and will aid in the movement of fertilizer granules into the turf canopy.
- Apply after mowing to prevent particle pick-up by mowing equipment. To further reduce particle pick, do not collect clippings for one mowing after application.

## PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. Avoid contact with skin and eyes. Always wear proper personal protective equipment. Long sleeve shirts, long pants, goggles and rubber gloves are recommended when handling fertilizer. Wash thoroughly after handling.

Observe all precautions on the label and read the material safety data sheet before use. Avoid contaminating waterways and sewers during cleaning of equipment or disposal of wastes, always adhering to applicable provisions of federal, provincial, and local laws and regulations.

FIRST AID: In case of contact immediately wash skin with soap and plenty of water. Remove contaminated clothing before reuse. In case of contact with eyes, flush eyes with plenty of water and call a physician if symptoms occur. INGESTION: If swallowed, drink 1 or 2 glasses of water. Immediately call a physician or a Poison Control Center and follow their instructions. Do not induce vomiting or give anything by mouth to an unconscious person.
